NOTES: Six-year graduation rates are the percent of students who started in 2018 and received any award (certificate or associates) within six years (fall through summer semesters). Each student is only represented one time regardless of the type of award conferred.

Due to the nature of the population it serves, Ingram State Technical College is not included in this report. Additionally, ISTC does not participate in the National Student Clearinghouse Post-Secondary Data Partnership, so comparable data is not available.

The **MAIN COHORT** includes “all first-time students who entered the institution for the first time post high school completion and are enrolled in credit or developmental education classes in the fall term.”
